Summer Term

Friday 23rd April 2021

A message from Mrs Aris...

This week the children have worked really hard. We were extremely lucky to have a Forest School Day and the children loved taking part in the activities.

Over the past few weeks I have been updating our class page so please do take a look.

We have continued working on numbers beyond 10 and making these numbers using different resources.

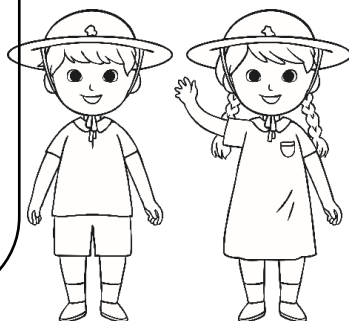

We have been looking at what happens after Easter. Looking at when Jesus visited the disciples after his death.

This week we have been focusing on sentences and using tricky words independently. We have been trying to learn our tricky words by sight as these cannot be sounded out. Our homework this week is a continuation of our writing work.

Upcoming Events

Monday 3rd May -
School closed

HOMEWORK -

This is an Seesaw. Children should complete this by the following Friday.
