

Bayeux Tapestry

TEXTILES

Blanket stitch

Applique

Key knowledge and experiences.

- Be able to thread a needle.
- Know some types of stitches and why some different stitches are used.
- Be able to sew a button onto a piece of material.
- Be able to use applique.
- Use pins to hold materials together.
- Be resilient and resourceful when faced with problems.

The designing and making process.

- Use research to develop a simple design to guide their thinking.
- Design functional, appealing products that are fit for purpose.
- Develop and communicate ideas through discussion and annotated diagrams.
- Meet a design brief.
- Critically evaluate the quality of the design, manufacture and fitness for purpose of their products as they design and make.
- Accurately assemble, join and combine materials and components.
- Select from and use a range of tools and equipment to make products that that are accurately assembled and well finished.
- Critically evaluate their final product against the design brief.

Design Brief:

The London Tourist Board would like a new piece of artwork to sell in their information shops. They like the style of Victoria Potroviza and would like it to be inspired by her work. It needs to be a material piece including applique and textile/needle work. They would like the silhouette of an iconic London building to take the focal point of the piece and would like a button to be included in the design.

How to sew on a button.

How to annotate a design idea

Your design idea drawings do not always give the reader all the details you have thought about, by adding annotation you can share your whole idea and give details about areas you can't see.

Natural fibres	Synthetic fibres
Cotton	Polyester
Linen	Nylon
Wool	Acrylic
Silk	

Victoria Potrovitza

Textile artwork

Key vocabulary	Definition
Annotate	To add notes to explain your plan.
Detail	Small features of an object.
