

Online Safety

Year 2

Computing

Key images

Key Vocabulary

Attachment	A computer file sent with an email.
Filter	A feature of search engines, where a user can filter results according to criteria. For example, news, date published.
Private information	This is personal information that should be kept secure. For example, their date of birth, their full address, credit card numbers.
Digital footprint	The information about a person that exists on the Internet as a result of their online activity.
Internet	A way to send information from one computer to another anywhere in the world using technology such as phones, satellites and radio links.
Search	Look for information (in a database or the World Wide Web) using a search engine.

Key learning:

- ❖ To know how to refine searches using the Search tool.
- ❖ To use digital technology to share work on Purple Mash to communicate and connect with others locally.
- ❖ To have some knowledge and understanding about sharing more globally on the Internet.
- ❖ To introduce Email as a communication tool using 2Respond simulations
- ❖ To understand how we should talk to others in an online situation.
- ❖ To open and send simple online communications in the form of email.
- ❖ To understand that information put online leaves a digital footprint or trail.
- ❖ To identify the steps that can be taken to keep personal data and hardware secure.
