

Jamaica and London

Year 2

Geography

What is this topic?

This topic is all about Jamaica and how it is similar and different to London (where Florence Nightingale lived). You will learn all about the Human and Physical features of both places and how they compare to each other.

Key knowledge

- ❖ Jamaica is a non-European country.
- ❖ Jamaica is located closer to the Equator than London.
- ❖ Jamaica is a small island.
- ❖ Human and physical geography is changeable.
- ❖ Jamaica is in the North American continent.

Key Vocabulary

Human Features	Things that are made or built by humans.
Physical Features	Natural environment
Compare	Looking for similarities and differences.
Country	An extended place of land.

What will I learn?

- ❖ Where Jamaica is in comparison to London.
- ❖ Where both countries are in comparison to the Equator.
- ❖ What is different about Jamaica to London.
- ❖ What Human and Physical features are.
- ❖ How these two countries are similar and different.
